PVC Post Frame Kits & Accessories

Signet offers several options for sign mounting. Below you will find information about the PVC Post Frame Kits we offer.

Constructed from PVC, these posts provide freedom from maintenance, never need painting, staining or sealing and will not fade, yellow, crack, split, warp or peel.

TYPICAL APPLICATION

All items on this page are made to be used with our PVC posts and can be used to finish or enhance sign applications.

Classic Double Post

Kit Includes:

- two 10' posts
- two 102" cross rails designed to hold either a 1/4" or 1/2" thick 4' x 8' panel

(PVC Post Caps and Blanks sold separately)

Classic Yard Arm

Kit Includes: one 8' post

- 4' cross arm
- support rail
- two end caps
- two eye bolts

(PVC Post Caps and Blanks sold separately)

PVC POST CAPS

PVC post caps come in three different styles Gothic, Ball and a low profile Flat Cap. All three are available in both 4" and 5"
